Enter the "Caddy Club 2D Character Design" competition

Story Play Media Ltd is behind "Big Man Dan", a cartoon short licensed by U.S. on-demand entertainment companies Studio Anansi and Toon Goggles Inc's SQAD in addition to being distributed by Jamaica's Caribflix, multi-regional GT Network and Story Play Media's proprietary video on demand site, storyplay.tv. The company is now embarking on a new film project and is organizing an international competition to recruit a character designer to join the team of the first feature length animated film from Trinidad and Tobago.

"The Caddy Club" tells the story of a group of young troublemakers who turn into crime-fighting superheroes after passing through a magical portal at the golf club where they are forced to go. Your mission is to create two of the main characters of this micro-budget production: Keisha (Selena St. Vincent) and Ryan (Jarlon George). In this recent interview with Lemonerdy, the cast explains the project.
